# FIFTEEN FOREIGN BEAUTIES

Here are the Glads for which you have been looking, offered at the lowest prices you can find. This is a collection of the new originations of Wilhelm Pfitzer, the great German hybridizer, and of Errey Bros., Australia's greatest bulb growers. From opposite ends of the world, these lovely Gladioli are available to make your garden the show place of your neighborhood.

This offer (dated Nov. 1) cancels all previous quotations on these varieties and will hold good until our new catalog is issued in January.

Parent stock of these Gladioli was imported direct from originators and bulbs have just been released for sale. All corms are guaranteed healthy and true-to-name.
